## OBJECTIVE

I'm a lighting professional with 17 years of experience looking for a career in architectural and themed entertainment lighting design.

## EXPERIENCE

### Installer/Technician, Candela Controls

JULY 2021 - APRIL 2022

- Install and integrate sensors, dimmer/relay panels, and emergency bypass controllers into lighting control systems.
- Understand and troubleshoot ETC family (Paradigm, Mosaic, Echo) control networks.
- **Highlight:** took part in installing the lighting control system for Orlando International Airport Terminal C.

### Master Electrician/Programmer, Marin Theatre Company

AUGUST 2014 - APRIL 2020

- Oversaw luminaire, power, and control installations and performed creative programming for 44 productions.
- Designed lighting for 10 productions including dramas, musicals, and plays for young audiences.
- Assisted lighting designers with drafting, documentation, and artistic decisions for 10 productions.
- **Highlight:** created and programmed dazzling moving-light and color-changing effects for *Legend of Georgia McBride*.
